Professional Summary

Entry-level Software Developer with strong foundations in programming and database management systems. Experienced in data analytics projects using Python and SQL for structured data processing. Skilled in writing clean code, debugging applications, and working with relational databases. Eager to learn and contribute in team environments.

Education

Bachelor of Technology – CSE (Big Data Analytics)

Parul University, Vadodara, Gujarat

2022 – 2026

CGPA: 7.11 / 10

Higher Secondary (12th)

Sri Chaitanya Junior College, Vijayawada

2022

Percentage: 96%

Secondary School (10th)

Jeevananda English Medium High School

2020

Percentage: 94%

Technical Skills

Programming: Java, Python, SQL

Web Technologies: HTML, CSS (basics)

Core CS Concepts: Data Structures, DBMS

Databases: MySQL

Tools & Platforms: Power BI, Microsoft Excel

Projects

Responsive HTML5/CSS3 Landing Page

HTML5 & CSS

- Built User Input Forms: Created web forms with radio buttons, checkboxes, and text inputs for easy user data entry.
- Designed Clean Page Layouts: Used CSS to style full-screen sections with custom colors, margins, and fonts.
- Added Interactive Buttons: Styled custom buttons with smooth hover color effects and rounded corners for a better user experience.
- Improved Usability: Connected form labels with inputs to make clicking and navigation simple and accessible.

Soft Skills

Strong problem solving skills

Clear and effective communication

Collaborative team working ability

Keen attention to detail

Extra-Curricular Activities

- Active member of College Coding Club; collaborated with club members on problem-solving sessions and technical discussions.

Interests

Sports, Films, Music
